SpellCraft Olympiad

Crafting Language, Conjuring Brilliance!

Classes: Nursery to 8

Crafting Language, Conjuring Brilliance!

About The SpellCraft Olympiad

We've created an innovative competition format that distinguishes us from traditional language olympiad. Our booklet features interactive elements, graphics and real-life scenarios to inject excitement and relevance into the competition. Tailored for students from Nursery to 8th grade, it aims to enhance their language skills and expand their vocabulary. Through engaging quizzes, participants can develop their communication abilities and cultivate self-confidence in a fun and educational manner.

Our Mission

- In a world where gaining knowledge is impossible without mastery of language, we have taken this initiative to build a strong foundation for young learners' future growth.
- We strive to boost students confidence and elevate their standards by encouraging greater participation.

Vision

- To empower students by equipping them with superior language skills.
- To make language learning a joyous process and thereby help students learn complex subjects simply.

Result Summary

- Customized result summary showcasing their strengths and weaknesses.
- This summary helps in setting goals and foster continuous improvement.
- Targeted assignments for areas of Concern shall be provided

The image shows a sample 'SPELL-CRAFT PERFORMANCE SUMMARY-CLASS NURSERY' form. It includes sections for Student Information (Name, Class and Grade, School, Address), Overall Performance (Total Score, Obtain Score), and Learning Outcome (Strengths, Developing, Areas of Concern). The form is signed by Mrs. Monika Kapoor, 2019 & 2020 Founder, Skillshare India, and is dated 2019.

Why Choose us?

Comprehensive Assessment: Our Olympiad begins with a thorough evaluation to pinpoint each child's strengths, areas for development, and concerns regarding English language proficiency.

Targeted Support: Based on the initial assessment, students are categorized into:

Strength Zone: Where the child excels.

Developing Zone: Where the child requires more practice.

Concern Zone: Where the child needs focused intervention.

Continuous Development: We offer personalized support to meet the specific needs of every student, ensuring ongoing enhancement of their language skills.

Through this approach, we cultivate a spirit of healthy competition among students and broaden their intellectual horizons.

Awards

- Gold Medals will be presented to the top achiever in each class, honoring their outstanding efforts and achievements.
- Medals of Excellence will be awarded to the 2nd and 3rd runners-up in each class, recognizing their commendable performance.
- Participation certificates will be provided to all students who take part in the competition, celebrating their involvement and effort.

Recognition

- A Certificate of Appreciation will be awarded to the school coordinator for their invaluable support in organizing and facilitating the competition.
- The Principal will receive an Award in acknowledgment of their leadership and commitment to successfully completing the competition.

In India, the approach to teaching English often falls short, treating it merely as a subject rather than a vital language skill. This gap in language development affects students across all phases of education. Recognizing this, we have initiated the SpellCraft Olympiad with a core focus on comprehensive language development.

While many Olympiads, serve one-day event with limited long-term impact. Our SpellCraft Olympiad stands apart by offering continuous support and handholding to ensure sustained language improvement.
